BY MONKEY MIND DESIGN

## 20 NEW SKUS

### SHIPPING SEPTEMBER 2022

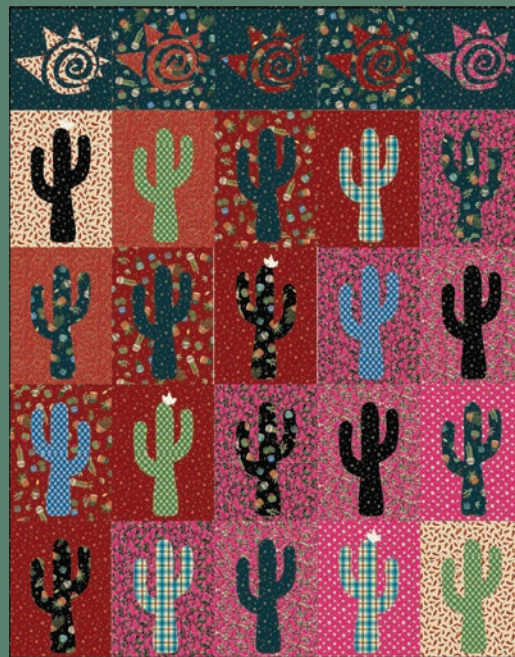

CAS0202 Adobe Canyon 10 yds of full collection  
CAS0203 Adobe Canyon 15 yds of full collection

Adobe Canyon by Monkey Mind Design pays homage to Canyon Road in Santa Fe New Mexico, the designer's hometown. Canyon Road is an art district filled with adobe casitas and art galleries. As you stroll down this road, you notice porches or portals adorned with ornate wooden doors, wild hollyhocks, and chile ristras. Turquoise painted windows and doors are believed to ward off negative energy and are a signature Santa Fe characteristic. She wanted her collection to reflect the beauty of Santa Fe's historic neighborhoods.

Woodland creatures and wildflowers were the inspiration for the newest collection by Alicia Jacobs Dujets, Meet Me In The Forest. The line wouldn't have been complete without wild mushrooms and smiling sunshines, beaming down over the cute creatures that have human-like personalities. They're easy to adore as they read books, fish for friends, and dream of snacks as they snuggle up and nap. Take a walk on the wild side and meet these cute new friends in the forest.

Unicorn Dance by Abby Jacobs was created to provoke a sense of playfulness & magic. It was inspired by a sense of nostalgia for when our imaginations were strong and play was our job. As Abby was designing this collection, she often thought about the fabric designs she was looking for when she used to make clothes for her daughter.
